

# GET A \$50 REBATE

on your purchase of an ENERGY STAR® eligible qualified window unit air conditioner

This mail-in rebate is good for City of Lindsborg customers only and must be installed within the City of Lindsborg electric service area. To receive your rebate, please fill out this form completely and mail it to the address below with a copy of your dated sales receipt. Incomplete forms will disqualify or delay your rebate. All rebates must be submitted within 60 days of the purchase of your air conditioner.

### ENERGY STAR® - EFFICIENCY REQUIREMENTS (for rebate):

To qualify for the \$50 incentive, the window unit air conditioner purchased must be ENERGY STAR® qualified and meet the minimum requirements listed below. You can visit [www.energystar.gov](http://www.energystar.gov) to view a current listing of eligible window unit air conditioners.

<b>SMALL UNITS</b> <b>UNDER 20,000 BTU's</b> 10.7 EER* or higher	<b>LARGE UNITS</b> <b>20,000 BTU's or ABOVE</b> 9.4 EER* or higher	*EER – window unit air conditioners are measured by Energy Efficiency Ratio. The higher the EER rating, the more efficient the window unit air conditioner.
--	--	---

### SIZING OF AIR CONDITIONER

Many people buy larger window unit air conditioners than they need, thinking that they will cool better, but an oversized unit has several disadvantages: oversized units are often more expensive initially and cost more to operate. In addition, oversized units can insufficiently dehumidify a room, leaving it uncomfortably damp.

Below is a chart for correct sizing based on the area to be cooled:

Area To Be Cooled	Capacity (BTU's)	Area To Be Cooled	Capacity (BTU's)	Area To Be Cooled	Capacity (BTU's)
100 to 150 sq. ft.	5,000	350 to 400 sq. ft.	9,000	700 to 1,000 sq. ft.	18,000
150 to 250 sq. ft.	6,000	400 to 450 sq. ft.	10,000	1,000 to 1,200 sq. ft.	21,000
250 to 300 sq. ft.	7,000	450 to 500 sq. ft.	12,000	1,200 to 1,400 sq. ft.	23,000
300 to 350 sq. ft.	8,000	500 to 550 sq. ft.	14,000	1,400 to 1,500 sq. ft.	24,000

--- Cut along dotted line and return. -----

**Please fill out completely. All information below is required:**

## CITY OF LINDSBORG AIR CONDITIONER REBATE PROGRAM Request for Incentive Payment

- Incentive payments will be made to the purchaser of the qualifying equipment after verification of the efficiency and onsite inspection by a City of Lindsborg representative, to assure compliance with program guidelines. In cases of dispute, the owner of the installation address will be given the incentive.
- To receive the air conditioning or heat pump incentive, the unit must meet both the SEER (Seasonal Energy Efficiency Ratio) and the EER (Energy Efficiency Ration) minimum requirement.
- The process from the City of Lindsborg's receipt until payment, takes 4 to 6 weeks. Incomplete or incorrect information will delay this process and may cause your Request for Incentive Payment to be denied.
- Mechanical inspections for all installations requiring full permits must be arranged through the Building Inspection Division at (785) 227-3428. HVAC equipment must be installed in accordance with the City of Lindsborg's Energy / Mechanical / Electrical Codes.
- Commercial Customers with A/C units of 5.0 or less tons will qualify regardless of Electric Rate Class.
- Mail to: CITY OF LINDSBORG "cool **SAVINGS**", P.O. Box 70, 101 S Main, Lindsborg, KS 67456-0070 or Fax to (785) 227-4128.

**Funding for these programs is limited.  
Programs are subject to change without notice.**
