Salsborg Lutheran Church

Pastor Ethan Feistner

Salsborg Lutheran Church was founded in 1869 by Swedish immigrants primarily from the province of Småland. The church began in a sod dugout, progressed to a small frame church, then to a large single spire church, which was struck by lightning and burned to the ground in 1926. Today, more than 130 years later, stands the magnificent two-tower Romanesque style cathedral.
